

# Name It Cotton

Objective: Recognize products made from cotton

Learner Objective: Identify 3 products made from cotton

Supplies: Twenty or more products made from cotton  
Ball of cotton rug yarn. You may have to roll it yourself

Procedure: Show the cotton products to the group and describe them.

Participant should sit in a circle – no more than 8 in the circle

One player tosses the cotton ball to another player while holding on to the end.

Another player catches the ball and then must name a cotton product. If the product name is correct, a sticker is placed on the product and cannot be named again until all the products have been named.

The player then tosses the ball to another player while holding on to the yarn – DO NOT TURN LOOSE!

Continue around the circle until all the players have named a product and are holding the yarn. Toss it to a new player each time.

The yarn has created a web.
