Land Application Area Recordkeeping Form
Large Concentrated Animal Feeding Operation (CAFO)

The Environmental Protection Agency's National Pollutant Discharge Elimination System Permit Regulations and Effluent Limitation Guidelines and Standards for CAFOs (40 CFR Parts 122 and 412) effective April 14, 2003, requires that all CAFOs must maintain operational and maintenance records that document protocols for manure, litter, and/or wastewater applied to the land under CAFO control. Records must be maintained on-site for a period of five years from the date they are created.

Documentation of date, rate, method, and other factors of manure, litter, and/or wastewater land applied.

Application Date	Application Rate	Forage or Crop Type	Expected Yields	Weather Conditions Prior/During/After	Application Method	Application Equipment Inspection Date and Results
