Soil Analysis Recordkeeping Form (Year: 20___)
Large Concentrated Animal Feeding Operation (CAFO)

The Environmental Protection Agency's National Pollutant Discharge Elimination System Permit Regulations and Effluent Limitation Guidelines and Standards for CAFOs (40 CFR Parts 122 and 412) effective April 14, 2003, requires that all CAFOs must maintain operational and maintenance records that document the results of sampling and analysis at least every five years of representative soils under CAFO control and used for land application to determine the nutrient content. Records must be maintained on-site for a period of five years from the date they are created.

Documentation of date and location of soil sample collection conducted <u>at least every five years</u> and analytical results. (insert lab reports behind recordkeeping form)

Date Sample Collected	Sample Location	Date Analysis Received	Analytical Results ___N___P___K
