

Mississippi Farm Bureau Ag In The Classroom

The Agriculture In The Classroom Workshops are intended to enhance knowledge in the curriculums of:

Geography, Careers, Science and Technology, Nutrition and Health, Environmental Education, Business and Economics, Political Science, History, Mathematics, Language and Arts.

The objective of the workshop is designed to provide information to help educate students and the general public as to the importance of agriculture.

Mississippi Farm Bureau Women will offer an educational fun day with workshops, resource materials, and hands-on classroom activities.
